

Call for Participation

We invite you to join us in **12th International Conference of Networks, Communications, Wireless and Mobile Computing (NCWC 2026)** serves as a premier forum for researchers, academicians, industry professionals, and practitioners to present innovative research and exchange ideas in the rapidly evolving fields of computer networks, communications, wireless systems, and mobile computing. As modern networked systems continue to expand in scale, complexity, and capability, NCWC 2026 seeks significant contributions that advance both the theoretical foundations and practical implementations of wired and wireless communication technologies.

Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the following areas, but are not limited to.

Highlights of NCWC 2026 includes:

- 12th International Conference on Software Engineering and Applications (SOFEA 2026)
- 13th International Conference on Computer Science and Engineering (CSEN 2026)
- 12th International Conference of Control Theory and Computer Modelling (CTCM 2026)
- 13th International Conference on Artificial Intelligence & Applications (ARIA 2026)
- 7th International Conference on Big Data, IOT and Blockchain (BIBC 2026)
- 7th International Conference on Data Science and Machine Learning (DSML 2026)
- 15th International Conference on Natural Language Processing (NLP 2026)
- 7th International Conference on Education and Integrating Technology (EDTECH 2026)
- 12th International Conference on Signal Processing and Pattern Recognition (SIPR 2026)

Registration Participants

Non-Author/Co-Author/Simple Participants (No Paper)
